

**INLPTA Standards  
General Criteria**

**GC**

**General Assessment Criteria**

- Certification assessment will occur over the length of the entire training as well as at the designated assessment period.
- The focus of the certification will be on the process of feedback, learning and integration, not on the issue of "testing".
- Students are expected to show progressive skill development over the entire training with the final assessment period being a confirmation of this development.
- Students will be assess for attitudes, skills, and knowledge.
- Students will be provided with feedback by their trainer on the areas of their greatest strengths and of the areas needing improvement.
- Students that are not immediately certified will have explained to them why, and what they need to do next in order to attain certification.
- Unethical or consistent unecological use of the NLP technology can lead to non-accreditation.
